PROFILE

Unity Developer and Game Programmer with experience in both game development and SDK engineering. Skilled in C#, Unity, and mobile optimization, with a strong foundation in creating polished, scalable, and engaging gameplay systems. Experienced across multiple genres, from hyper-casual and hybrid-casual to puzzle and casual titles. Passionate about crafting memorable player experiences and delivering high-quality games in collaborative environments.

SKILLS

Unity · C# · Java · Objective-C · Node.js · PostgreSQL

Mobile Game Development · Gameplay Programming · SDK Integration

LiveOps · Analytics Systems · Performance Optimization · Git

WORK EXPERIENCE

SDK DEVELOPER - UDO GAMES

September 2024 – Present

Develop and maintain a cross-platform Unity SDK powering analytics, LiveOps, and third-party integrations for mobile games. Work primarily in Unity while also supporting native and backend components. Collaborate with multiple studios to deliver seamless integration, runtime efficiency, and scalable architecture, implementing modular, thread-safe systems that support live game operations.

Technologies: Unity, C#, Java, Objective-C, Node.js, PostgreSQL

GAME DEVELOPER - Milgame Studio

December 2023 - September 2024

Developed and maintained mobile games using Unity. Actively contributed to LiveOps by implementing new features, delivering content updates, and fixing bugs to enhance player retention and engagement. Managed third-party SDK integrations and updates. Collaborated with designers, artists, and QA to deliver high-quality updates and a smooth player experience.

GAME DEVELOPER - Gigantic Games

October 2022 - June 2023

Developed and maintained mobile games using Unity during tight 1–2 week sprints. Implemented new features, bug fixes, and polished gameplay to meet deadlines and deliver high-quality releases.

GAME DEVELOPER - UDO GAMES

September 2021 - August 2022

Developed and maintained mobile games using Unity during tight 1–2 week sprints. Implemented new features, bug fixes, and polished gameplay to meet deadlines and deliver high-quality releases.

INTERN - UDO GAMES

June 2021 - August 2021

Received hands-on training in Unity, coding, art, and design. Learned team-based game development workflows and contributed to creating hyper-casual mobile games.

EDUCATION

MANİSA CELAL BAYAR UNIVERSITY - COMPUTER ENGINEERING (BACHELOR'S DEGREE)
2017 - 2022

VOLUNTEER WORK

MENTOR - ANKU GAME JAM

2024

Mentored participants at ANKU Game Jam, providing support and guidance for their questions and issues during the competition.

ASSISTANT INSTRUCTOR - PATİKA.DEV

2021

I worked with Google, Kodluyoruz, and Patika to train 60 software developers and artists in our program. We simulated a real game company for 3 months with our team.

ACHIEVEMENTS

WINNER - UDO NEXT JAM #1 2021

[Itch.io link](#)

Achieved first place in UDO Next Jam #1 by developing a game with my teammates in 3 days.
